ABSTRACT

This interactive multimedia presentation is a new tool for promoting campus-community partnerships. The CD-ROM provides commentary on college-community partnerships, interviews with Community Outreach Partnership Center (COPC) Directors, staff, and students, and video of grantee activities. The presentations revolve around four themes central to college-community partnerships: (1) community revitalization; (2) skill building; (3) applied research; and (4) education and curriculum. The CD-ROM is designed to inspire interest in partnerships, share ideas, and encourage interest in Office of University Partnerships (OUP) grant programs. (SLD)
